Important Information for registering a new student

- Children enrolling in K-12 grade levels must be 5 years old on or before September 1 to be enrolled in a Utah school, unless a student's parent is on active duty within a branch of the U.S. Armed Forces.
- Before registering a new student for enrollment, use a certified copy of the birth certificate or another legal document such as a passport for entering the student's legal name.
- Student names must be entered on the registration form exactly as they are on the birth certificate.
- Before a student is accepted for enrollment and the enrollment process is completed, the following enrollment verification documents are required to be brought to the school:
 - Original birth certificate (or affidavit of lost certificates), or another legal document such as a passport.
 - Certified and complete immunization records or official certificate of immunization exemption.
 - Proof of legal Utah residency, such as a utility bill or apartment lease. In cases of divorce decrees or other legal guardianship, this verification of address pertains to the legal guardian who has physical custody appointed by the courts (U.C.A. 53A-2-201). If this is the case, please contact the school to find out if other documents are required.
- For health information and medication disbursement, a form will need to be filled out at the school. This is for the safety of your student.

Home Language Survey

Home Language Survey

Purpose
Identifies a student whose home language is not English and identifies a student who will be tested on the skills of listening, speaking, reading and writing in English because another language is spoken at home.

Parents/Guardians/Family Members
The English proficiency test determines if your student needs a language support program along with the regular education program. Your child is entitled to these language support services as a Civil Right.

School Responsibilities
At registration, Utah uses a standard form of the Home Language Survey (HLS) that identifies a student with a language other than English, or who comes from an environment where a non-English language is dominant. Students must be tested for services within 30 days of registration or within two weeks of entry into school, if during the year.

This information cannot be used for immigration matters or reported to immigration authorities.

Which language(s) does your child currently understand or speak?

What is the primary language used in the home regardless of the language spoken by the student? *

What is the language spoken most often by the student? *

What is the language the student first acquired? *

What language do you prefer for school-to-home information? *

Does your family come from a refugee background?

If there is another language at home other than English, students will automatically be tested for English language acquisition services. To opt out of ALS(Alternative Language Services) also known as ELL(English Language Learners), please contact the school.
