

SLA SOCCER

CLUB NEUTRAL TRAINING CENTER

The focus of our training center is total player development. All players, regardless of age, are placed in the appropriate training group based on their individual skill level. We group by obsession and ability. Whether you're 5 or 14, you're placed where you'll be challenged, not where you'll be comfortable. We're here to build the creative, fearless, and technically elite players the American system has been missing.

ELEMENTARY & JUNIOR HIGH SCHEDULE AND OFFERINGS

7TH & 8TH GRADE COMPETITIVE / PLATFORM GIRLS	9:20 am - 11:04 am
4TH GRADE DEVELOPMENTAL GIRLS & BOYS	10:35 am - 11:05 am
7TH & 8TH GRADE DEVELOPMENTAL GIRLS	11:06 am - 11:52 am

4TH & 5TH GRADE COMPETITIVE / PLATFORM GIRLS & BOYS	2:30 pm 3:30 pm

COMMON QUESTIONS

Q: Can my student attend school for a half day, so they can still go to school with their old friends?

A: The short answer is YES. We have a dozen student-athletes who attend school for half day at SLA and attend half a day at their boundary school.

**** We would encourage your student to attend an entire half day, starting either at 9:20 when school begins, or at the time their soccer class starts in the afternoon and remain until dismissal at the end of the day. This gives them the opportunity to make new friends and make the transition fully into SLA.**

Q: Can my student attend soccer if they are a homeschool student?

A: YES. We have a handful of homeschool students who attend SLA. We are working with the state to become an authorized vendor for the Utah Fits All scholarship and hope to have this completed soon. Homeschool students who don't qualify for UFA may pay a nominal fee and still enroll.

Q: Is there a cost associated with playing soccer at the K8 campus?

A: For 7th and 8th grade the student-athletes wear matching training kits, so yes, there is a \$200 fee. Students can apply for a fee waiver. For grades 1-6 there is no cost associated with the soccer class.

Q: Can anybody play soccer during the day in these classes?

A: Due to the available space, we limit the class size during the day to 18 or fewer players. The in-school players must be technically proficient and have the maturity listen to the coaches and follow directions.

Q: If my student trains during the day, can they also stay after school and play soccer in the afterschool program?

A: YES. The after school program is 4 days a week and has a monthly cost of \$95. Players who are not yet able to play during the day can train for a month after school at no cost and then be reevaluated. If they still do not qualify, they must then pay the \$95 to continue being a part of the after school program.

Q: Do you have any teams that compete for SLA?

A: Currently we do not field teams. Our mission for this campus is to be a training center, focused on individual player development. That being said, there is a chance that in the future we will have teams from our K8 campus ... stay tuned!

Q: What does the training look like?

A: It's high-tempo and highly technical. We focus on cognitive load, meaning we want the players' brains working as hard as their legs. We demand high standards of execution. It's a professional environment where the 'why' behind every touch is just as important as the touch itself. All of this is done at an age appropriate level.

Q: I have heard that the academics are average - that soccer is awesome, but what about academics?

A: Our academics follow the same performance standards as our training. We move away from the 'average' one-size-fits-all classroom in favor of a model that rewards autonomy and mental grit. We have a full offering of honors classes as well as advanced opportunities in elementary school.
