

Wasatch Peak Academy Enrollment & Lottery Policy

PURPOSE

The purpose of this policy is to provide guidelines on appropriate procedures on enrollment and lottery processes for Wasatch Peak Academy (the “School”).

POLICY

The School will follow all applicable laws related to its lottery and the enrollment of students.

General Information

Notice of the opportunity to submit an application and procedures for enrollment at the School shall be published on the School’s website beginning no later than sixty (60) days before the School’s initial open enrollment period. The School’s website shall also include, but not be limited to, the following lottery and enrollment information: (i) a description of the procedures for applying for admission to the School; (ii) the application timeline to be considered for enrollment in the School; (iii) timelines for acceptance of new students into the School; (iv) procedures for transferring to or from the School; and (iv) the School calendar.

For each enrollment period during which the School accepts applications from students, the School shall publicize that it is accepting applications on the School’s website.

The School shall follow the provisions of Utah Code § 53G-6-503, Utah Administrative Code Rule R277-551, and Utah Administrative Code Rule R277-472, which include requirements related to applications, enrollment, withdrawals, and transfers.

Lottery

For each enrollment period, if there are more applications for admission in any grade than there are available openings in that grade, the School shall conduct a lottery to determine which students will be admitted to the School. The School shall conduct its lottery electronically and notify accepted students via e-mail or telephone.

In accordance with Utah Code § 53G-6-502, the following students shall receive preference in the School’s lottery in the following order: children or grandchildren of founding members; siblings of students currently enrolled; and children of School employees. Such students shall not, however, be given priority notice or guaranteed admission to the School.

The School shall not give preference to any student and shall not make any enrollment decision on any basis prohibited by state or federal law, including Utah Code § 53G-6-403(3)(a), federal civil rights laws, and the Individuals with Disabilities Education Improvement Act of 2004 (“IDEA”).

The School's lottery shall be held in or around January of each year with additional lotteries held periodically as needed until the desired enrollment numbers are reached. The School may, at the discretion of the School's Principal, continue to enroll students from the lottery throughout the school year to fill spots left open when students withdraw.

Past Disciplinary and Misconduct Issues

Any student seeking enrollment in the School who was previously suspended or expelled from another school for serious misconduct may not be admitted to the School until a thorough review of the student's prior conduct is evaluated by the School's administration and the School's administration approves the student to be admitted. In addition, the School may not enroll a student from another school unless the student record from the previous school, including the discipline file (if applicable), is received or the School's administration reviews the data gateway for any safe-school violation, reintegration, or threat assessment.

In accordance with Utah Code § 53G-8-205(3), the School may deny admission to students who were expelled from the School or any other school during the preceding twelve (12) months.

Consistent with Utah Administrative Code Rule R277-472-7, the School may deny admission to students who have disciplinary procedures pending at their previous school until previous allegations have been resolved. The School generally recognizes and honors disciplinary actions imposed on a student by another school. Accordingly, the School may deny admission to a student who is currently under suspension or expulsion from another school.

In accordance with Utah Code § 53G-6-403(3)(b), the School may deny admission to students who (i) have committed serious infractions of the law or school policies, including policies of the School; (ii) have been guilty of chronic misbehavior which would, if it were to continue after the student was admitted to the School, endanger persons or property, cause serious disruptions in the School, or place unreasonable burdens on School staff; or (iii) have any school safety incidents or safe-school violations.

Parents of students seeking admission to the School must disclose in their application information about their student's past serious disciplinary actions and criminal convictions. If this information is not disclosed, if materially false or misleading information is provided in the application, or if information that would have been relevant to the School's enrollment decision is omitted, and the School discovers the omission or misrepresentation after the student has been enrolled in the School, the School may place the student's enrollment under review while the School investigates the matter. Following the investigation, the School may take appropriate action in accordance with this and other School policy, which may include but is not limited to continued enrollment, continued enrollment subject to conditions, or rescission of the student's enrollment if the School determines that the undisclosed information would have provided a lawful basis to deny admission at the time of the application. Parents of students whose enrollment has been rescinded consistent with this paragraph may appeal the decision in accordance with the School's Parent Grievance Policy.

During the investigation process mentioned above, the School may restrict a student's attendance at the School if deemed necessary by the School to protect student safety or facilitate the review.

Situations involving students receiving special education and related services under the IDEA shall be handled in a manner consistent with applicable laws and School policy.
