

## Edgenuity Services Options and Updates

Edgenuity is our virtual learning platform. Through Edgenuity we offer; credit recovery/remediation, grade replacement and original/initial credit.

**CREDIT RECOVERY/REMEDATION:** This means the “F” stays on the transcript, but a new line item is entered on the transcript with a “P” grade for Pass, and the .25 credit is given. Credit recovery does not replace the original grade. \*Disclaimer: Credit/Grade Remediation may impact a student’s eligibility for scholarship or NCAA.

The “test out” option typically utilized here will only be available for a class that was failed ONE term prior with 80% attendance. The student will have until the end of the next term to make up the credit through this option. Failure to recover the credit by the end of the following term will then default to Grade Replacement. Students may take a test out option twice. The first time is free, the second time will be \$25. If a student does not want to try a second time, they may move to Grade Replacement free of charge for 45 days.

**GRADE REPLACEMENT:** This means the student is not satisfied with the grade earned in a prior course and wants to retake the course and earn a higher grade. The old grade is removed off the transcript and the higher grade is entered to replace it. If the prior grade was “F” with no credit earned the new grade also earns the .25 credit. If the prior grade was a passing grade with .25 credit earned then the replacement grade will be entered but the .25 credit stays the same (no double credit is earned).

*(Grade Replacement Credit. (State Rule 277-717). A student must have taken the course already to do this option. More information on Rule 277-717 can be found at <https://www.schools.utah.gov/file/94b2038f-0691-4181-95fa-e43c413f41ee>)*

**ORIGINAL/INITIAL CREDIT:** This means the student is seeing this material for the first time and the grade is awarded with a letter grade once the course is completed. No test-out option is available. Students must sign up for two consecutive blocks of summer school and complete their course during those two weeks. If not completed during the initial two weeks, extensions (an additional two weeks) may be given for a fee of \$25 per course for SAHS students and \$50 per course for students currently enrolled in another district or charter school. If more than two weeks. (One course is .25 credit)

It’s recommended that English, Math and Science courses not be done as Original Credit at Summer School.

**UPDATE:** Once a course is opened in Edgenuity the student will have 45 total days (counting weekends) to complete the course. Failure to complete the course will result in a \$25 charge for an additional 45 days.
