Appointment to Open Parent Seat

Quest Academy's parent-member recruitment period had closed with no additional interested candidates. Because the number of interested individuals did not exceed the number of open positions, an election was not required. Chair Alyssa Woodfield appointed Nesha Condie, an eligible parent of a currently enrolled Quest Academy student, to fill the open parent seat. At the Chair's request, Dr. Bullock continued facilitating the remainder of the meeting on her behalf.

Annual School LAND Trust / Charter Council Training

Members confirmed they had completed the annual School LAND Trust / Charter Trust Land Council training provided with the meeting materials. No action was required.

Rules of Order and Procedure

The council reviewed the Rules of Order and Procedure, including expectations for ethical behavior and civil discourse, open meetings, public notice and agendas, accurate minutes, quorum, and simplified parliamentary procedure. The council approved the Rules of Order and Procedure for the 2026-2027 school year as presented.

In compliance with the Americans with Disabilities Act, persons needing auxiliary communicative aids and services for these meetings should contact Quest Administration at (801) 731-9859, giving at least three working days notice.

Human Sexuality and Maturation Curriculum / Materials Review

Serving as Quest Academy's appointed Curriculum Materials Review Committee, the council conducted its annual review of the human sexuality and maturation curriculum, instructional materials, media, and presenters for the 2026-2027 school year. Materials reviewed included the Prentice Hall Health textbook-based instruction, the contraceptive presentation, the Human Reproduction presentation, Department of Health statistics and FAQ materials, and Procter & Gamble's Always Changing and Growing Up materials for girls and boys. Stacy Simpson will provide the maturation presentation. The health teachers confirmed the instructional content remains consistent with prior years and that required parent consent procedures are used.
