By approving I have verified that spelling and content are correct. I am satisfied with the art content layout. I understand that my art will print as it appears here, that I cannot make any changes once my order is placed and that I assume all responsibility for typographical errors and image errors. I also understand that the color settings of my monitor and that of the printing press may be different, so variations of the on-screen and printed piece will differ slightly. In the event that I do not provide PMS colors to represent the closest match to my desired color specifications, there is a greater chance the final printed product color and digital version will vary.
